Program Objectives:

1. Discuss current status of chosen topic (cat care/adoption process) based on current by-laws and Program handouts)
2. Discuss potential revisions, deletions and/or additions regarding chosen topic.
3. Identify achievable strategies to implement proposed changes
4. Develop a timeline and approximate costs to implement proposed solutions
5. Present Group's suggestions to all participants

Table Assignments:

1. Choose a Chair to maintain group discussion
2. Choose a Recorder to take notes of discussion. Present table findings to all participants
3. Briefly review ICS By-laws: Philosophy/Goals as read by the Chair
4. Review handout related to Topic
5. Identify the best of the Topic Process and then build upon, revamp, revise, delete components of current Topic process. Include Rationale for suggestions

Here's your Challenge: Think outside of the Box. Brain storm every potential suggestion. Everything is achievable at some point if all the specifics are identified...
