For the friends of the Independent Cat Society, a no-kill cat shelter

Spring 2014 #141

## And the winner is... *Guillermo*

That's right, handsome Guillermo might look like a tough guy, but he's a gracious winner, too. He just barely edged out runner-up Aggie for the last-minute Sweetheart 2014 crown, but he did it all with style and grace. Guillermo is in a class by himself. Wouldn't you just love to come in and meet this stately gentleman?

As you may know, the Sweetheart Contest is a long-running fundraising tradition at the Independent Cat Society, and one that is very important to helping our shelter cats stay fed, happy, and healthy while they wait for their forever homes. And this year, we raised a record \$5034 during our contest (January through February) and at our Sweetheart Day event on February 22! We have you, our supporters, volunteers, friends, and of course our wonderful Team Leaders, to thank for the success of this year's event. Our energetic Team Leaders really went above and beyond this year, and we can't wait to see what happens next year! What we can promise is that there will be more adorable, adoptable Sweethearts, and many more creative goodies, crafts, and more available in support of your favorite felines!

What about the other Sweethearts? Well, you might be happy to learn that three out of our eight contestants now have forever homes of their very own - Bubba Gump, Chino, and Garfield! Many of our Sweetheart contestants over the years have been fortunate enough to get adopted soon after their "big coming out" during the contest. Wouldn't it be great to have your very own celebrity in your home? Come on out to meet Aggie, Junco, Pavarotti, Smudgie, and of course Guillermo (who's also part of our *Back in Black* special adoption feature in May!) anytime during our weekend adoption hours of Saturday from 10 to 4 and Sunday 1 to 4. You won't be disappointed with this cast of beautiful, amazing feline characters!

## Kitten Godparents Program

Don't forget that Kitten Season is upon us, and that means that there will be many new opportunities to name your favorite little one for a generous donation of \$25. Wouldn't you like to become a Godparent and help a sweet kitten get a good start in life?

Watch for our postings on Facebook at <http://www.facebook.com/indcatsociety>, or come by the shelter during our weekend adoption hours of Saturdays from 10am to 4pm and Sunday from 1pm to 4pm and meet the kitties. They would love to meet and play with you, and no doubt, before you know it they will capture your heart! Perhaps these babies will find a new loving home with your family?

# President's Message

*A cat that lives with a good family is used to being talked to all the time.*

– Lettice Cooper, "Parkin"

This spring, we would like to spotlight our amazing foster parents, and the cats and kittens that they work so hard to aid with comfort, a warm place to stay, and a helping hand toward a better life. One such cat that came to ICS recently is Dezi, a.k.a. "Tripod."

Dezi ran into some bad luck while living outside as a stray. During one of his surely many adventures, he managed to get his left front leg hurt very badly. When he was found by rescue volunteers in LaPorte County, they found that his leg could not be saved, and had to be amputated.

After the surgery, the normally gentle Dezi was no longer so gentle, or happy. He found himself passed from shelter to shelter in the area for several months due to problems with aggression toward people. In desperation to try to work with him to improve his behavior and make him adoptable, ICS was called upon to help, and luckily, we had the perfect foster parent to handle this difficult task.

He's still having some behavior issues with nipping and biting, but this foster mom has been up to the challenge. Even right away, she knew that she could work with this beautiful boy, who just wants to be comforted and loved. He may be a bit confused and uneasy, but with time, TLC, and the proper medications, he has a chance.

*Dezi has lived a tough life so far, but today he is safe in foster care.*

Dezi is less than two years old, and he wants you to know that he truly wants a forever home. It might even be your home! While he recovers, you may wish to consider helping support Dezi's road to wellness with a donation of food, litter, or monetary support. Our wish list may be found to the right, and you may mail a check or use our website at <http://www.catsociety.org> to send an electronic donation.

You'll be able to feel good knowing that you are helping a good boy learn how to love and trust people once again. Your contributions and support are vital to all of our kitties, especially those who are the most fragile and need special attention. Our foster families and the volunteers that work hard as part of our Health and Wellness team appreciate all of your generosity.

Without you, happy endings for cats like Dezi would not be possible.

Sincerely,  
Staci Trekles,  
ICS Board President

# Dreaming of a Forever Home

It's never too late for any cat to get his chance - just ask Port and Serena.

Port

Port came to our shelter in 1998. Yes, that's right, almost 16 years ago. He was a just a young guy then - a teenager by cat standards. He was here before almost every single one of our other residents, as a matter of fact. In fact, until the day he went home, he was the shelter's OLDEST shelter resident! Now that crown must fall to dear Lucy, who is also 16. We're sure she will rise to the challenge of Elder Stateswoman of the Shelter!

As for Serena, well, she's a beauty, but she had always been a shy one. She had been at the shelter since 2002, when she came in as a spry one-year old. She was overlooked many times, but she had a friend in Port, and they always cuddled together in their shelter home, Kitty Korner. You could almost always find them resting in bed together, quiet little Serena and Port with his big loud-mouthed meow. You would be hard-pressed to find a more distinctive talker! But, despite Port's popularity amongst shelter volunteers, he and Serena were never able to win over an adopter's heart and soul.

Never, that is, until February 17, 2014.

Finally, after all those years of waiting, a nice family - the right family - came to take them to their Forever Home. They went home with Chia, too, a young lovely who wasn't at the shelter long,

but she has been able to help keep Port and Serena feeling young and playful, and will do so for more years to come. There was not a dry eye in the shelter when Port, Serena, and Chia's new parents got ready to drive home with their new family members. We will truly miss these great senior felines - they were loved by all who met them, and a part of the shelter for so very long. But finally, the right time came, because they were patient and knew that their time would come someday, and they would finally know what a Forever Home was all about.

Serena

On behalf of Port, Serena, Chia, and all of our kitties, ICS wishes to thank all of its adopters and supporters for what they do for animals. Because of them, and people like them, they have given homeless animals the chance at a home where they can be happy, healthy, and safe from harm. We will miss Port and Serena and Chia around the shelter. But we can only hope that all of our kitties, no matter how long they have waited, will be able to share what these three learned - that a special family is out there waiting, and that the right time will come. In the meantime, great people like the folks at ICS will shepherd those cats and care for them, and that's just about as much as any homeless animal could ask for.

## Low-Cost Spay/Neuter Options

## Thelma Hickman - In Memoriam

Thelma Hickman passed away on February 10, 2014. She was a dedicated ICS volunteer for many decades serving in various capacities. In addition to being a Board member Thelma also served as an Adoption Counselor, Cat Care Committee member and as a medicator. For many years she gave the cats yearly vaccines and kept meticulous records. Her quiet and unassuming manner made her pleasant and easy to work with as she trained other volunteers. Her way with animals was always quiet and gentle and the cats at ICS benefited from her calm and loving care. It is due to devoted people such as Thelma that ICS continues to help cats in need. Thank you Thelma!

# Sponsor-A-Cat!

*from your Spokescat, Corky*

Hi, I'm Corky, the ICS Sponsor Spokescat!

Sponsor-A-Cat is one of our most important programs, as it provides us with much-needed funds to support our many cats and kittens. Your Sponsor dollars go directly to food, litter, and medical expenses for our kitties, helping keep them healthy and happy.

I'm living proof that those funds help. I came to the shelter as a kitten, with a cute little corkscrew tail that was later found out to include a slight deformation in my spine. I had a hard time digesting food because of that abnormality, and even though I'm grown up now, I still need some monitoring to ensure that my digestive system is functioning normally.

My friends that have special needs don't let those issues keep them down. None of our kitties do! And we hope that you don't let any little differences keep you from letting them into your heart. Even if you cannot support them by caring for them at home, you can help keep them healthy and get them ready for the day when the right adopter comes to take them to their Forever Home.

Corky, your Spokescat

Check out these beautiful kitties, and come meet them in person. They may not all have special needs, but they do need to find a place in your heart. Won't you let them in, even in a small way, with your support and kindness?

### Bobby

In honor of May, which is Back in Black Month at ICS, meet Bobby, the cutest little guy you'd ever meet. He's sweet and would bring fun and life to any household. To meet him is to fall in love!

### Cindee

While she may not have golden curls, this little pixie is sure to captivate and enteratin you. Bobby's sister is cute as a button, and ready for a forever home. Wouldn't you love to meet her? Remember, if you adopt in May, there are special Back in Black pricing options!

### Sweetie

is another Back in Black sweetheart special. This girl is something else. She is willing to sit patiently in your arms and hug you for as long as you want! She truly lives up to her name. Wouldn't you like to make her yours?

### Cabbage

While he may have a silly name, this guy is personality-plus! He loves to sit on your lap, play with you, and would be your faithful companion forever. Get healthy and bring this active, fun-loving young Back in Black kitty into your life. You'll be happy you did!

### Corky

Yes, that's right, ICS's favorite spokescat is in fact up for adoption! He was 2011 Sweetheart of the Year, but he still needs a home. He would love to be in a home where he can play and enjoy your company all day long. Wouldn't you like to have this quirky bundle of love in your family?

### Santo

Santo is the brother of two wonderful cats that recently got adopted, Joey and Applejack. Applejack was a special case at ICS, as he only had three legs, but his brothers, especially Santo, always protected him and kept him safe. Santo is waiting now for his chance for a forever home.
